

Update Letter

Update letter from the Brandfas Family

March 4, 2009

Last year

This last year was a year of blessings and God continues to pour out his blessing in our lives and in Honduras. The people in Honduras are hungry for the Gospel as are the people in the Latin World. It seems like there are very few times of resting because there is much to do for the Kingdom of God!

Last January we went to Azua, Dominican Republic and spend 2 months working on a Festival in which our team partnered with Mike Silva International. This festival was a huge success and many thousands were saved. We had Jaci Velasquez, Rescate, and other Latin groups come to the Dominican Republic and performed for the 80,000 people that were there each night. In Azua we had 34,000 decision cards filled out and given to the local Pastors and churches to do follow up and begin discipleship programs. It was an incredible event and thousands of lives were touched with the love of Jesus.

More inside!

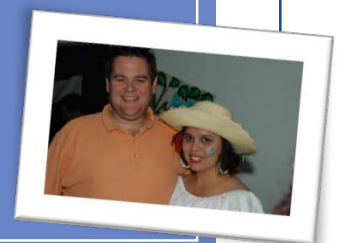

Festival por la vida - Festival for the life - Azua Dominican Republic

Note:

Jessica and I want to inform all our friends and family that We are **expecting** a Baby. Please pray for protection and health for our new baby.

Gracias...

Last year - continued

Cazadoras de Dios – Seekers of God – This is a ministry that works with the local Pastors in the villages of whom most only have an elementary education. We teach biblical principals, computer classes and a class in English. It is very exciting to see Pastors with rough and rugged hands working a mouse and typing a keyboard! It took us a year, meeting once a month, but they all have email and can now use the Internet!

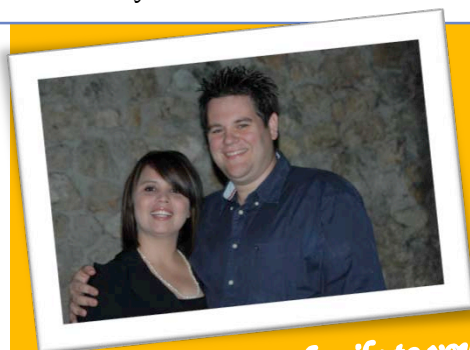

Hearts in Action – Jessica and I, with our Latin America team went to the jungles of Guatemala for a period of 2 weeks in order to be trained on how to effectively work with children in

ministry. In these concentrated sessions, we learned how to minister with children and how to reach them at their level to

include the use of puppets, balloons and biblical object lessons

Also I have been working and working towards the technical ministry. I have been producing, shooting, and editing lots of video and TV shows. But I still believe for the equipment to be able to install large sound equipment for our crusades and festivals. God has blessed me with a professional Camera (canon xl2) and a great computer to be able to edit my footage. This has been the start of our technical ministry.

*Blessings from our family to yours.
ben and jessica*

GPX Tv Program

GPX TV – A powerful Generation with Excellence. This is a TV that my local church has and I am producing this program and creating all the video elements for it. It is on a secular channel and has viewers all over the world through the Internet and satellite. Our message is for the families and youth. We want to communicate the new life in Jesus

This last year has been a blessed year. Thank you for your continued support both financially and prayerfully. As a reminder, you can send your checks to COV 19001 San Ramon Valley Blvd, San Ramon, CA 94583 and in the memo line please write “BRANDFAS” or you can go to www.brandfas.com and click on the link for online donation center. All support sent to COV is tax deductible

Ben, Jessica, Baby Brandfas
